The Mt. Kisco Farmers' Market is a collaborative effort by John Boy's Farm, the Boys & Girls Club of Northern Westchester, and Slow Food Metro North, and includes fresh, wholesome food and a large selection of natural items - soaps, lotions, candles, knitted items, lavender and more! The market is managed by Sandra Lena of John Boy's Farm.

Each week the Market will feature a local chef preparing the "\$5 Slow Food Local Harvest Meal" using the freshest local ingredients. Last week's meal by Crabtree's Kittle House Chef Marc was a huge hit. This week, February 4th, we will be very excited to see what Chef Jon Pratt from Peter Pratt's Inn will prepare. Bring the family and enjoy!
